# FUNDAMENTALS OF MAINTENANCE TRAINING

The one-day Maintenance Training Course strengthens workplace safety, efficiency, and equipment reliability.

Participants gain essential knowledge, safe work practices, and practical maintenance skills.

By reducing downtime and preventing costly breakdowns, it helps teams work smarter and safer.

## Course Objectives

By the end of this course, participants will:

- Understand the role and importance of maintenance in organizational performance
- Apply safe work practices and comply with regulatory standards
- Identify and utilize different types of maintenance (corrective, preventive, predictive)
- Safely use tools, equipment, and PPE during maintenance tasks
- Perform routine inspections and basic troubleshooting

**DATE:** Monday 24th November 2025

**TIME:** 8:30am - 3:00pm

**VENUE:** Hotel Alexandrina

**PRICE:** \$185 per person

(Includes light snack, lunch,  
course material and certificate)

This training is a collaboration of the  
SVG Hotel and Tourism Association and  
the Ministry of Tourism, Aviation,  
Sustainable Development & Culture

## Desalination Plant Operator

**About the Role**  
Canouan Estate is looking for a Desalination Plant Operator for running desalination facilities that turn seawater into freshwater, including monitoring equipment, controlling processes, and performing maintenance.

**Work Activities:**

- Oversee the desalination process, which typically includes intake, filtration, reverse osmosis, and post-treatment, and use control systems to monitor water quality and system performance.
- Conduct routine checks, service, and repairs on plant equipment like pumps, filters, and membranes.
- Identify and resolve problems with the equipment or processes to ensure continuous, safe operation.
- Keep detailed records of inspections, service, and repairs.

**Job Requirements:**

- A strong understanding of technical processes and equipment, especially related to reverse osmosis and other water treatment technologies.
- The ability to analyse issues and make decisions to maintain water quality and plant efficiency.
- Priority will be given to local talent.
